

MAPLE BANK GUEST HOUSE

Here's a list of pubs and cafes that are open now and offering outside seating. This list was kindly pulled together by [Podgy Paws – Keswick's fabulous pet shop](#). Whilst everyone has done their best to give accurate information, please do check with each business beforehand to make sure they are open and that they are dog friendly. Some will also take dogs inside as well. Many are weather dependent and most update their Facebook pages with up to date information on opening hours.
